

January Newsletter 2011 – “Plan for the New Year”

Full-Maintenance contracts have been gaining in popularity over the last several years. With a full maintenance contract, you are able to bundle all of your services together for one low monthly payment. A Full-Maintenance contract consists of a minimum of these five basic services: Mowing, Bed Maintenance, Spring Clean Up, Fertilization, and Pruning. Start this year off right, by letting one company, Paramount Lawn and Landscape, professionally maintain your entire lawn and landscape.

Special Offer – In the month of January if you sign up as a (new) Full-Maintenance Contract customer you will receive a **\$100.00 discount**. In addition, we have always offered a **5% pre-pay discount** for services. Please call our office at (513)984-5200 to take advantage of these discounts.

We look forward to serving you in 2011. Here are some of our additional services:

- Lawn Care Programs
- Mowing
- Weed Control & Bed Maintenance
- Spring & Fall Clean-Ups
- Floral Design & Displays
- Fertilization
- Ornamental Tree and Shrub Care
- Injection Root Feeding
- Tree and Shrub Pruning
- Aerification
- Lawn Renovations
- Over-Seeding
- Sprinkler System Design, Installation, and Service
- Landscape Design and Installation
- Landscape Lighting Design and Installation
- Artificial Turf and Putting Green Installation
- Retaining Wall Installation
- Decorative Landscape Wall Installation
- Paver Patio Installation
- Water Feature Design and Installation
- Outdoor Living Space Design and Installation

Now is a great time to plan your services for 2011. With the drought we had in 2010, Sprinkler Systems are a hot item. We can install a sprinkler system for you at anytime as long as the ground is not completely frozen. We will start your system up in the Spring at no charge and go over the operation so you understand how it works. Also, in 2010 we had 100% customer satisfaction when we've performed a lawn renovation along with a sprinkler system installation. Paramount Lawn and Landscape absolutely guarantees your lawn renovation as long as you have a properly functioning sprinkler system.

Proper Lawn Care, Fertilization, Aerification, Tree and Shrub Care, and Injection Root Feeding are all services that are a very important part of a healthy lawn and landscape. Paramount's technicians are continually trained on the most up-to-date products and techniques. We also have more licensed technicians than almost any company in the tri-state area. Sara Martin, our office manager, even has her license so she is able to help with answering many of your questions. Call Paramount Lawn and Landscape today at (513)984-5200 to begin planning your services for 2011.

Hope You Enjoy the New Year!
Thank You.
Joe Tekulve ~ President/Owner
