

October 2011 Newsletter

Thanks to our valued customers, we have been extremely busy. The Paramount Lawn and Landscape Cookout last month was a fun-filled experience thanks to all of our customers, employees, and associates that attended! Many guests who attended expressed much interest in regard to LED Landscape Lighting, Water Features, and Fall Clean-Ups.

Remember other important services for this time of year include Leaf Removal, Injection Root Feeding, Aerification, Lawn Renovations, and Over-Seeding.

• Injection Root Feeding for your trees and shrubs – Includes the highest quality fertilization feeding and insect prevention. Pests such as the **Emerald Ash Borer**, **Asian Longhorn Beetle**, **Aphid**, **Japanese Beetle**, and many others can be controlled with this service. If left untreated, Ash Trees in our area will probably be lost in the next 3 or 4 years. Please call our office today at (513) 984-5200 for more information on this important service.

We appreciate your business and hope you have a great October!

Thank you,

Joe Tekulve

President ~ Owner
