

SPRING IS ON THE WAY!

Spring is on the way! Now is the time for planning and scheduling your 2017 projects and services. Please call the office at 513-984-5200 and ask for Dennis Eppert or Drew Ziegelmeier for designs, quotes, and scheduling your new installs and landscaping services.

We are currently painting, maintaining and repairing our equipment for the season. The shop and facilities are being updated and spruced up. Our employees have been attending training classes, seminars and trade shows to stay sharp. The office staff and managers are making sure our new updated software and design programs are working smoothly. Annual flowers have been custom ordered, and all of our suppliers are ready for us.

Paramount can design and install a complete lawn and landscape for you including: irrigation, pavers, boulders, walls, water features, artificial turf, lighting, plants, sod, seed, and much more. Once your installation is complete, we can maintain it for you as well. Paramount offers 12-month zero-interest financing for projects up to \$35,000.00. Paramount Lawn and Landscape's prices are very competitive.

Schedule your spring clean-up and mulching now so you are ready for spring. We can also provide you with a full maintenance program which includes: mowing, mulching, weeding, pruning, fertilization, and many additional services. All these services can be bundled together and invoiced monthly. Paramount also offers a 5% pre-payment discount.

Sprinkler systems can be installed anytime for your lawn and landscape. Paramount is one of the only companies in the Greater Cincinnati area that has a Certified Irrigation Contractor, Certified Landscape Irrigation Auditor, and a Certified Backflow Tester. We use all RainBird products, which have a 5-year warranty, the best in the industry.

Landscape lighting is here to stay with energy saving LED lighting. Our lights include a 20-year warranty on the bulbs. LED lights use 85% less electricity than conventional bulbs. Paramount can install 12 lights including: fixtures, bulbs, wire, astronomic timer, transformer and labor all for \$2,950.

We have customers we have been serving for almost 30 years. All of us at Paramount Lawn and Landscape appreciate your business tremendously, and we are looking forward to making your property shine in 2017!

Regards,

Joe Tekulve
