

# FEBRUARY NEWSLETTER 2013

## Global Warming or Global Cooling?

Welcome to Cincinnati! 70 degrees one day and 7 degrees the next day!

Spring is right around the corner and all services start as soon as the weather permits. Please call to touch base with us and schedule your services for the 2013 season. We have the knowledge, experience, and resources to make your property shine!

There is a tremendous amount of landscaping design talent in the Cincinnati area. We are in the loop with the best Landscape Architects and Designers in Cincinnati. If you would like to have something basic, elaborate, or "super cool," we have the connections. Personally, I think a traditional landscape with lighting, irrigation, and full-maintenance is the way to go. Maintenance is key to literally growing your investment and is so often undervalued. You will come out light-years ahead if you install smaller plants with a premium full-maintenance program rather than going with larger plants and skimping on the maintenance.

We can design and install paver patios, retaining walls, boulders, outcroppings, lighting, sprinkler systems, plants, water features, and much more. LED lighting is the new best thing, using just 15% of the electric that traditional lights do, and also comes with a 20-year warranty on the bulbs and the fixtures! Don't forget landscape boulders are guaranteed for life!

## Happening Right Now...

Please call to schedule services for 2013 at 513-984-5200. Also, we can email you a quote for all of our full-maintenance services within 24 hours. Cindy Jencks is our Office Manager. Alicia Fields is our Office Assistant. Dennis Eppert is our Operations Manager and Salesman. Matt Archer is our Fertilization Manager and Salesman and works alongside Doug Sinclair. Kady Duvelius is our Customer Service Representative. Please do not hesitate to call us. We are here to serve you!

Our team has been working hard 24/7 to keep our commercial properties snow and ice free. We appreciate their hard work and our loyal customers who trust and depend on our services. This winter seems to be a little more normal than last winter.

Let's make it through February and look forward to Spring. We appreciate your business!

Thank you,

Joe Tekulve
