

A VERY DRY SPRING

We have had a very dry Spring. Your lawn and landscape needs the most important chemical, H₂O. Please call us for a Sprinkler quote!

Paramount can install a RainBird Sprinkler system for you. RainBird is the original sprinkler system and is the only company that offers a 5-year parts warranty. Paramount is a Certified Irrigation Contractor, Certified Irrigation Auditor, employs a Certified Backflow Tester, and uses a licensed plumber to install all of our backflow devices. We install most sprinkler systems in a few days with minimal damage to your lawn. Once you have a Paramount Sprinkler System, you will wonder how you ever made it without one.

LED lighting is super popular right now. We are offering 12 lights installed including: wire, labor, transformer, astronomic timer and a 20-year warranty! Our price of \$2,950.00 for this lighting package will not last long.

Paramount's lawn care and fertilization program is the highest quality in the area. The next round of slow release fertilizer also includes spot treating for weeds as well as grub control. Many companies charge extra for grub control. Our applicators are all licensed by the Ohio Department of Agriculture.
