

Light up Your Night!!!!

So far our Fall weather has been pretty nice. We avoided damage from the aftermath of Hurricane Sandy, which is a plus. We also had a little winter weather snow scare that was perfect for Halloween.

One of the biggest challenges we face at Paramount Lawn and Landscape is getting our customers to realize all of the services that we perform. We can take care of ALL of your landscaping needs including: Design and Installation, Outdoor Living Spaces, Full Maintenance Contracts, Paver Patios, Retaining Walls, Sprinkler Systems, Outdoor Lighting, and much more. [We are offering an AMAZING outdoor lighting special: 12 state-of-the art LED lights (20 year warranty on bulbs and fixture) installed with all components and 'Astronomic' timer for \$2,700.00!!!] Something interesting about Paramount Lawn and Landscape you might not realize is that Lawn Mowing is less than 10% of our total sales. Don't forget that we perform most of our services all year long. Now is a great time for all design and installation projects. It's the best time of year to plant and an excellent time of year to receive special discounts and save money! Check us out at www.paramountlandscaping.com and Facebook.

Now that everyone is feeling more comfortable about our economy and interest rates are super low, there are some great financing options. We are offering 12 months zero (0%) interest. Take advantage of this opportunity to make an investment in your property, save money, avoid next year's price increases, and don't pay the bill for an entire year!

At Paramount we have a lot to be thankful for. We couldn't have done it without you! We hope you, your family, and friends have a great Thanksgiving Holiday!

Thank You,
Joe Tekulve

GIE + EXPO Landscape Show- Louisville

HAPPENING RIGHT NOW...

We are currently continuing with leaf removal and Fall Clean Ups through Thanksgiving.

Our fertilization services are also in full swing.

Think about Spring Bulbs.

Don't forget to schedule your sprinkler winterization!

This is prime time for injection root feeding (on back) as well.

Call us for quotes for services in 2013 and remember we offer a 5% pre-pay discount.
